POSITION OVERVIEW

The Ambassador is the foundational deployment tier inside the Marriage Foundation Access Network.

The role of the Ambassador is to:

- deploy Marriage Foundation Access daily
- acquire recurring subscribers
- expand educational access
- support subscriber retention
- grow toward leadership progression

A Marriage Foundation Access deployment operator

Not: a passive promoter, a one-time salesperson, or a temporary affiliate.

CORE MISSION

To deploy recurring educational access daily across society.

Deployment infrastructure: **sbd-network.web.app**

Foundation Access Subscription — $9/month recurring

Subscribers gain access to Marriage Foundation School, Teleios Formation, Advocacy Formation, Relationship Literacy, Personal Development, Leadership Systems, Marriage Education Infrastructure, Community Access, and future certifications.

$2,500+ equivalent educational access value.

DAILY DEPLOYMENT TARGET

10 subscribers/day · 20 deployment days/month

MONTHLY DEPLOYMENT TARGET

10 subscribers/day × 20 deployment days = **200 subscribers/month**

COMMISSION STRUCTURE

10% on recurring retained subscriptions

DAILY DEPLOYMENT ECONOMICS

10 subscribers/day × $0.90 = **$9/day** recurring deployment value

---

MONTHLY DEPLOYMENT ECONOMICS

200 subscribers × $0.90 = **$180/month** recurring (steady-state model)

GEOMETRIC RECURRING ECONOMICS

The Ambassador builds recurring subscriber retention economics — not one-time commissions or temporary income.

- Month 1: 200 retained subscribers
- Month 2: 400 retained subscribers
- Month 5: 1,000 retained subscribers
- Month 10: 2,000 retained subscribers

As deployment and retention continue: commissions compound, recurring income compounds, subscriber infrastructure compounds.
